INTERVIEWS NEXT WEEK

6 Applicants Left For Weibel's Job

Six candidates for Jefferson Elementary School District superintendent will be interviewed by the screening committee next Tuesday in a session called by County Supt. Jame Tormey at San Mateo.

Each of the six will be interviewed at length during the day-long session. Local trustees will meet with the screeners that night to go over the candidates.

The screeners, on the basis of next week's interviews, expect to recommend the top applicants for board consideration. The trustees then will conduct interviews here.

Approximately 20 men submitted applications to the screeners. The latter group has eliminated more than 12 of these candidates.

The new superintendent will be hired to assume duties on July 1 this year, replacing Supt. H. Z. Weibel. Weibel, head of the district since 1951, will become a principal of one of the new schools opening next year.

Whitter Street School To Be 'Washington'

George Washington will be the name of the new nine classroom elementary school to be built on 5.4 acre site which is centered by the Meussdorfer property on Whitter street.

Trustees so moved Monday night unanimously. They had considered two other names, Dwight D. Eisenhower and William Savage. The three names were suggested by students at Crocker School. Savage was the pioneer superintendent of the district.

Trustees, in due respect to Savage's memory, felt the name was a bit too strong in connotation. What they intend to do is use Savage for the name of the Washington School's multi-use room or for the name for the proposed central district administration headquarters, to be shared by the Jefferson High School District administration.

Supt. H. Z. Weibel said the JESD and JUHS are negotiating with builder Henry Doelger for the construction of the central school office at the corner of Park Plaza drive and Southgate avenue. The two school districts would rent the building from Doelger. The land they prefer is available and fronts Doelger's new swimming pool apartments.

Trustees learned this week that the district attorney's office is pressing its negotiations for the big Meussdorfer parcel—the only delay hindering the district's progress for the Washington site. Fourteen other property owners in the area have completed their agreements to sell their land to the district.

Name Van Nest State Rec Meet Exhibit Head

Dee Van Nest, director of Daly City's parks and recreation department, has been appointed commercial exhibit chairman for the 1960 state recreation conference in San Jose.

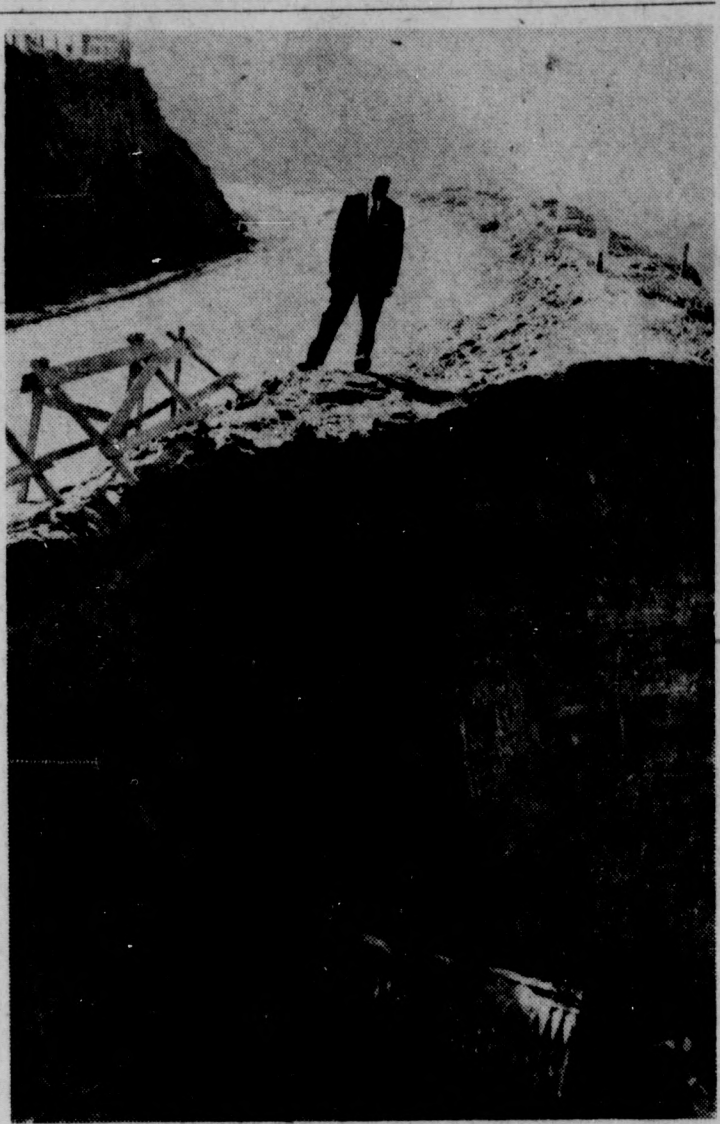

This is a considerable honor as it is assigned alternately each year to one man from northern and southern California. Van Nest was assistant chairman of the commercial exhibit this year at the state convention in Santa Monica.

The exhibit features sporting goods and latest recreation equipment, displayed by dealers from throughout California and the Western states.

Westlaker Unhurt As Car Hits Pole

Edwin Espy Jr., 5 Fairlawn drive, escaped with no serious injuries Tuesday at 12:50 p.m. after his car hit a telephone pole at the corner of Market and Hillside streets.

Espy, dazed by the impact, told Officer R. C. Sims that he apparently fell asleep at the wheel. His car had to be towed away.

CITY Manager George Watts views precarious status of drainage line off old Coast Highway near its entrance from Westlake. Erosion is so severe the highway is crumbling away—at this spot and farther south down the road where other drainage lines are similarly defective. The city maintains the state-abandoned highway primarily for access to its municipal dump. Development of nearby Thornton Beach as a state park also is handicapped by the access problem from the highway. The state has set aside \$65,000 for the beach project, but this sum could be lost to Daly City if the drainage problems in the area prove too costly to correct.

Files For Trustee

LESHER IS FIRST J.E.S.D. CANDIDATE

Don Lesh, 37, plumbing contractor of 417 Castle street, is the first candidate to file papers for trustee duty with Jefferson Elementary School District.

Filing deadline is Friday, April 17, at the county schools' office. Election is on Tuesday, May 19.

There are two three-year terms open on the elementary board. Chairman Joseph Lewkowitz has announced he will seek re-election, but he has not filed papers. Another veteran trustee, builder Michael Callan, will not run again. Both his term and that of Lewkowitz expire this June.

James M. Cooper, 116 Avalon drive, Sharp Park, is the only candidate thus far for one opening on the Jefferson High School District board. Vacancy is that of trustee Donald Miller, another Pacifica resident, who resigned last month in the "conflict of interest" ruling.

Lesh, long active on various school and civic committees in Daly City, has three daughters attending schools here. He is a member of Local 38, Plumbers and Pipefitters Union.

President of Hillside PTA, he is past president of the Hillside Homeowners Improvement Club and a member of Daly City's Civil Disaster Council and the citizens' committee studying charter government here.

During World War II, Lesh served 45 months with the Army Air Corps.

SF MAN, 23, ADMITS PANTIE THEFTS HERE

A 23-year-old San Francisco man, arrested Thursday in Richmond for vagrancy, has admitted that he is the pantie thief who has plagued Westlake apartment residents with regular clothesline raids since 1951.

DC Police Sgt. Bruno Conci said Lee A. Dickinson, a salesman and father of two children, has confessed his guilt to a long series of underwear thefts here. Dickinson is due for municipal court hearing in the East Bay community, at which time the petty theft charges filed by Daly City authorities also will be considered.

Conci said Dickinson, who lives at 875 37th avenue, probably will be placed in a state hospital for psychiatric attention. This is the recommendation of adult probation officials.

Plaza Central Phone Office In Debut Here

When you dial "0" or "211" on your Plaza or JUno telephone now, you are putting Pacific Telephone's big new switchboard in Daly City to work.

The new board, with 44 positions and requiring a force of 110 operators, is located in the Plaza central office, 359 Washington street. It was placed in service last Saturday night at 10:30 p.m.

City dignitaries and company officials from north San Mateo county communities were present to witness the activation of the facilities.

Pacific Telephone Manager A. C. Latino announced that the new switchboard provides operator services to north San Mateo county customers with Plaza, JUno, Flanders and Elmwood phone numbers. These subscribers formerly were served by operators in the San Francisco Mission central office, 333 25th street.

Earthquake Didn't Disturb Daly City

Monday's 5.5 Richter scale jolt apparently didn't cause any damage in the Daly City area, the fire and police departments reported.

There were very few phone calls to either agency. Most were from newspapermen who were "just checking."

GARY and Bobby Smith, the Palisades boys who were rescued in a concerted "community" effort late last week from a ledge overlooking old Coast Highway, get together with a few of the many folks who spearheaded the operation.

GARY is sitting on the lap of DC Police Capt. Roy Beecher, while DC Fire Bttn. Chief Wayne Alexander holds Bobby. Others in front row are Broadmoor Police Chief Ray Savage and the Rev. Fred Fanthorpe of Seaciff Church. Standing

Cliff Rescue In Palisades 'Team' Effort

Deserving recognition is due the scores of persons who combined exhaustive efforts last week in rescuing the two Palisades boys from a precarious ledge overlooking Coast Highway after an all-night, prayerful hunt.

The excitement has subsided and Gary C. Smith, 5, of 90 Menlo drive, and George "Bobby" Smith, 6, 649 Skyline drive, are back to normal—as are their grateful parents. But the boys—unrelated but neighbors—won't be straying as far from home from here on out.

The rescue effort—a coordinated move shared by on-duty police and firemen and just as many volunteers and neighbors, was successful only because it was well organized and concerted from start to finish.

Minutes counted at all times. One false move and both Gary and Bobby could have tumbled from their perch halfway down the sheer cliff and onto Coast Highway. Luckily, the boys, stranded in attempting to descend closer to the ocean, were smart enough to hold their ground when they could proceed no further.

And how about the rescuers? One slip and many of these men could have fallen to their deaths. Darkness was the one problem in the hunt. The terrain in many spots would have been a challenge to a mountain climber.

The search began last Wednesday night about 7 p.m. after Mrs. Doris Smith, mother of Bobby, called police that the boy had been missing since 4 p.m. Checking this out, Officer Jim Sunderland was also contacted by Loyal Smith, Gary's dad, who said his son hadn't been seen since 2 p.m.

After a check of the immediate neighborhood, Sunderland radioed headquarters for assistance. Meanwhile, Gary's tricycle was found at the corner of Eaton and Northridge, not far from the cliff. Moments later, Rev. Fred L. Fanthorpe of Seaciff Community Church informed Sunderland that a woman had seen two small boys fitting the descriptions playing along the cliff outside the cyclone fence overlooking the highway.

Gateway Charges Former Salesman In \$287 Loss

Daly City police have sent a felony warrant to Long Beach for the arrest of Jack Frederickson on a charge of embezzling \$287 from Gateway Chevrolet Company late last year when he worked here as a car salesman.

Frederickson, 31, has been living in the southern California city.

Investigating Officer George Brooks said the complaint was signed by Gerald Mincher, owner of the Gateway firm, 7400 Mission street.

Expectant Mother Struck Down By Car At Templeton

A Daly City housewife who is seven months pregnant suffered back and ankle injuries last week when she was struck down by a car while attempting to cross Mission at Templeton avenue.

Inez Cunningham, 22, of 6017 Mission street, was taken to Junipero Serra Hospital by M&D ambulance.

Driver of the auto, unemployed Joseph Kamplin, 26, of San Francisco, was going south on Mission during the evening rush hour. He told Officer Phil LaBruzzo he was watching another car and did not see the pedestrian until it was too late.

LaBruzzo cited Kamplin for failure to notify the DMV on change of address. Additional citations were withheld pending further investigation.

Commission Speeds Palisades Rec Sites

The city is getting bids on fencing and playground equipment for the two one-acre Palisades section playground sites—due to be ready for use this June.

This was Director Dee Van Nest's progress report to the parks and recreation commission last week. The sites, provided by builder Henry Doelger, are located off Northridge and Palisades drive. The builder gave the city \$10,000, to develop the two areas, which will be fronted by sidewalks. Landscaping is scheduled this fall, Van Nest said.

The deeds on the two parcels have not been turned over to the city as yet, but everything else is on schedule. The sidewalk has been put in on the Northridge site but not on Palisades.

Van Nest said the city is nearing completion of a long-range master plan joint-use agreement with Jefferson High School District which will allow sharing of facilities and mutual programming for the benefit of adults and students alike.

The Westmoor park site is one of the biggest projects in this plan. It will be located just south of the high school, covering eight acres. This also came from Doelger as part of his subdivision annexation agreement. On one tip of this site, the southwest corner, will be located the new fire station. This station will be built this year. The park itself, according to Van Nest, still appears two years away. It will include a community center

(Continued on Page 2)

Trustee Mike Callan clashed head on with fellow elementary board members Monday night and he lost out by majority vote in each instance.

One was on his letter that the district not protest his request that the city abandon a portion (about a block) of Gambetta street above Lausanne and north of Vista Grande School. The second was his move for a street off Heather road to give the district western access to the M. Pauline Brown School site.

The board majority moved to protest Callan's request to the city for the Gambetta piece abandonment by 3-0 vote (Callan and Katherine Mullen abstaining), and nixed the Heather road proposal by 3-2 verdict, at the same time approving Architect Mario Ciampi's preliminary plans for the Brown School site. Mrs. Mullen said she thought the city and county should study the Heather road link—not the school board.

Callan was so indignant over both setbacks that he voted against the removal of old trees from the M. Pauline Brown site (cost of \$500 to the district) and he refused to "give" the district a strip of land (32 feet by 252 feet) on the western side of the Brown site—a promise he made to the board in a public meeting a few weeks ago. The latter turnabout by Callan prompted the board to instruct Ciampi to eliminate this strip of property from his plans for the school.

Callan, who intends to build a major apartment project off Gambetta between Wyandotte and above Lausanne, wants the city to abandon the hilly two-block stretch of Wyandotte from Gambetta to the end of Garwood drive and Edgewood Park, and Gambetta from Lausanne east.

In both abandonment requests, he wants the title of the abandoned land to revert to the abutting property owners. This has stirred some public protests and the school board Monday night said the Gambetta strip near the school, if abandoned, would be of no practical value to the district.

Both the Lausanne and Wyandotte parcels in question are undeveloped, steep inclines. Callan actually would build some of his apartments over the Wyandotte portion and would build a road on Lausanne which would give him access from Gambetta to his apartments.

The council appears favorable to the Wyandotte and Lausanne requests since both areas, though dedicated for city streets, aren't planned for city development.

Trustee Tom Noonan made the motion Monday for the district to protest the Gambetta street abandonment asked by Callan. He said the move would "do us no good and give the school district an additional burden of liability on land we have no use for."

"If the city wants to abandon it," Noonan went on, "then it's up to them."

On the Heather road possibility, Noonan and Verducci, backed by chairman Joseph Lewkowitz who reminded that the Brown School project "has been delayed long enough," felt that the district had adequate access to the school south on Eastmoor avenue and north of the site by means of a proposed stairway—to be built on the property the district purchased

Burglar Raids Palisades Home

Palisades home of Alice Suling at 63 Skyline drive was burglarized over the weekend while she and her husband were out of town.

The thief, entering by climbing over the rear fence and smashing a basement window, raided the master bedroom. Missing were a \$50 wristwatch, \$45 in dimes in a piggy bank, six rare coins worth \$25 and a set of silver air force flight wings.

Officer Jim Sunderland discovered footprint marks behind a home and the intruder's crowbar.

CALLAN FEUDS WITH TRUSTEES OVER STREETS

(one home) on Sweetwood drive.

Callan challenged, stating that this north-side stairway wouldn't be adequate, citing that the proposed 106 steps would be too steep. He said a route through Heather street was more practical for this westerly access to the school.

Noonan told Callan in a hot exchange that the district "is not in the road building business."

"Our concern is for adequate access for students and we feel we have guaranteed this in our present plans. If the city and county want a road through from Broadmoor to Eastmoor avenue, let them take the initiative," Noonan declared.

Verducci added that the school district's share of such a street off Heather would amount to a "costly \$50,000." Callan challenged this figure.

The city council majority are in favor of this street at Heather and have instructed Public Works Director Otis Calhoun to make a survey on the feasibility of this project, according to Councilman Bob St. Clair.

St. Clair brought this up at a school board meeting last month, saying he felt the street would benefit all parties involved—primarily the schools. St. Clair also is in favor of the White street link into Westlake—a long-standing issue that could benefit Daly City and Broadmoor residents, he said.

In other business Monday night, the board added an extra \$25,000 to its request for state funds to build the three new schools designed by Architect Angus McSweeney—Daniel Webster, Abe Lincoln and Thomas Edison. The district thus will ask the allocations board this month for \$515,000 on etch project. Construction should begin this summer and the plants should be ready next January.

Rewards Fitting For Heroes In Rescue

(Continued from Page 1)

The DC fire department then sent out personnel and a check was made of the area where the boys were reportedly seen. Aiding this move was the use of an auxiliary generator and lights from PG&E.

About 9 p.m., DC Police Roland Petrocchi, with headquarters provided at Seadiff church by Fanthorpe, took charge of the entire operation. The subsequent search—covering the coast area from Sharp Park to Thornton beach and all homes in the Palisades area and some east of Skyline—lasted until 2 a.m.

Next step was bringing in Redwood City fireman Ted Prince and his bloodhounds. Given a sent of the boys' clothing from their homes, the dogs started from where Gary's tricycle was found and soon took the searchers to a pond, located at the end of Skyline. This pond was immediately drained by Public Works Department, crews and equipment—and fortunately it was empty.

Since the bloodhounds were unable to pick up any additional scent directions, this part of the search was discontinued and the Coast Guard was contacted. Due to the terrain and darkness, it was impossible to use a helicopter, however, so the Coast Guard dispatched a cutter and search lights were used to check the area of the cliffside. But the haze was so heavy this proved futile.

At daybreak Thursday, another systematic search was conducted of all homes in the Palisades area and the cliffside area where the boys were last seen.

The fog lifted about 7:15 a.m. and the Coast Guard copter began checking the cliffside, both from the upper level and from the highway.

An hour later, the end came. DC Officer Charles Munday, in charge of the search party along the old highway, started a search of the cliffside as volunteers John Gabrielson, a state highway patrolman, and Bob Elmenhorst, a San Francisco

man, worked towards each other on the steep incline. Finally, this pair spotted and got to Gary and Bobby on a small ledge 270-feet above the highway. Gabrielson and Elmenhorst and firemen then painstakingly lowered the boys towards the highway. The final move was using a fire department aerial ladder.

The boys, pretty calm about it all, suffered no more than heavy appetites and loss of sleep. Checked over carefully in the hospital, neither was the worse for wear despite the night-long exposure.

The list of persons who contributed most to the great effort is long.

The biggest roles were played by Petrocchi's police force—volunteers and regulars, Chief Elmer Kennedy's firemen and volunteers, the Broadmoor Police force and its reserves, Prince the bloodhound expert, Rev. and Mrs. Fanthorpe, who also contacted the Red Cross which supplied coffee throughout the operation; the Coast Guard, two SF Examiner employees, cameraman Ray Morris and Reporter Will Stevens; Hank Weisner, city electrician; Asst. DC Police Chief Roy LeLaren, who directed the air search by helicopter, and many Palisades residents.

PT&T, the public works department, builder Henry Doelger, and the high school district also helped considerably by lending equipment and facilities.

Daly City police in on the rescue included: Capt. Roy Beecher, Jerry Galindo, Ed Beecher, John Coleman, Sgt. Bruno Conci, Sgt. John Walsh, Bob Crocker, J. Gallagher, Les Rastado, Dave Johnstone, Sgt. Dave Hansen, Charles Terry, Frank Murray, and reserves J. Gehrig, W. Carr and H. Weisner.

Broadmoor Police Chief Ray Savage was accompanied by his force of George Carleton, Charles Manning, Al Bolander, George Shinazay, and Commissioners Harry Brown, Vince Murphy and LeRoy Kruger.

Bttn. Chief Wayne Alexander of the DC fire department was a workhorse as were Capt. Dick May, Robert Malcolm, John Martin, John Jacob, Edwin Cooke, Capt. Keith Schrock, Richard Verducci, John Castagnola, John Christian, and volunteers Capt. Frank Tardelli, Capt. Fred Mather, Frank Shreve, David Cafferetta, Charles Brush and Leslie Volkman.

The firemen on duty Thursday morning in the final rescue phases were Bttn. Chief Frank Specht, Gene Klinger, J. Winters, Capt. E. Greenstrand and Charles Christian.

High School Board Hires 3 Workers

Trustees last week hired Mrs. Annie M. Garkus, 306 Keith avenue, Pacifica, as receptionist at Jefferson High School. She replaces Mrs. Suzen Fletcher, who resigned for health reasons.

The board also placed Westmoor gardeners Jon Lovett and Oliver Hayes on the full-time list. Each had been on temporary status the past few months during a trial period.

Rec Commission Speeds Two Palisades Sites

(Continued from Page 1) clubhouse, eight tennis courts, eight handball courts, and shuffleboard and handball facilities. This project will involve joint financing by the city and high school district and will be expedited when each party has funds available. In other business last week, the parks and recreation commission heard a report from chairman Louis Larcombe who attended the 11th annual state recreation conference at Santa Monica—first time a Daly City commissioner attended the meeting.

White veiled surgical dressing volunteers, many of them retired senior citizens, produced 142,500 items for military hospitals in the past year.

DALY CITY couple Mr. and Mrs. Ed Johnson (second from left and far right) recently enjoyed a skiing outing at Echo Summit near Highway 50. With them are Judy Young of El Cerrito and Kent Shepherd of Walnut Creek. The Johnsons live at 115 South Mayfair in Westlake.

TOTS Cheryl Minkin and Michele Pellegrini and these ladies have major roles in Westlake-Olympia PTA's "Paint A Pretty Picture" spring fashion show, scheduled March 14 at 1:30 p.m. at Ben Franklin school auditorium. The women are Mrs. Herbert Wiener, Mrs. Louis Minkin, Mrs. Herbert Perluss, Mrs. Donald McFeeters and Mrs. Edward Headman. THE RECORD photo

Your meters make a pretty good calendar

Easy telling the time of year by your P. G. and E. bill. When it's cold and the nights are long, it takes more gas and electricity to make you comfortable.

Winter makes extra work for most all your appliances. Even this winter, which is milder than usual, you're indoors more... using more heat, more lights... brewing more coffee, watching more TV and so on. And if your home is like most, you have more appliances this year helping you to live better. The chart at right shows how the use of natural gas, for example, goes up when the weather is colder and nights are longer... and why your P. G. and E. bill is higher. Of course, the unit cost of gas and electricity goes down as your use increases giving you even greater value for your utility dollar!

TO THOSE WHO WOULD SERVE

Although the filing deadline is more than a month away, on April 17, there are only two candidates thus far for the May 19 election of trustees in Jefferson High and Jefferson Elementary school districts.

There will be one opening on the high school board and two in the elementary district. Terms run three years and the problems and responsibilities are many.

Now is the time for persons of reasonable intelligence and fortitude to seriously consider running for trustee duty. A good school board and a good school administration are a solid combination. Each must work with the other to get the job done effectively and to move forward in harmony and for progress.

We know of several individuals who have long concerned themselves with school affairs here who would make efficient public servants as trustees. These are the folks who have taken the time to attend board meetings regularly—not just during election years.

It is to these people we appeal.

Trustee duty has few rewards. But it allows much room for moulding the future of our youngsters.

THE JOB WAS WELL DONE

Last week's stirring cliffside episode—the rescue of the two Palisades boys—gave vivid testimony to the "united front" Daly City can apply when someone here is in trouble and needs a helping hand.

The two Smith youngsters were saved only because their community went all-out in a round-the-clock hunt that barely averted tragedy.

Credit is due many individuals here who did most of the work—though none of these gentlemen, and a few ladies, are looking for personal glory.

Everyone present when the boys were finally located—in good shape but weary—got enough "compensation" to see that the youngsters were alive. Big men last week shed little tears of happiness when the discovery was made.

Personally, we must particularly cite the heroic efforts of Chief Roland Petrocchi's police force and Chief Elmer Kennedy's firemen. These Daly City men have continued to set an example of dedication and outstanding concern—at all times—for the citizens of this community.

John T. Grant In 1st Fleet's Combat Exercise

Reserve Lt. Cdr. John T. Grant, son of Mr. and Mrs. Richard Grant of 740, Beechwood drive, Daly City, serving at the Naval Air Station in Oakland, took part in the U.S. First Fleet's recent exercise, "Skynet," off the coast of Southern California.

Naval Reserve units from the Midwest and the West Coast joined regular Navy forces in this annual anti-submarine exercise designed to test the anti-submarine defenses of the First Fleet. This marked the first time that reserve units have had full operational status in peacetime Navy exercises.

All units involved were divided into two groups, the "Blue" defenses and the "Purple" aggressors. The Blue forces sought to prevent the Purple units from breaking through a 600-mile seaward barrier off the coast.

This exercise also helped the reservists to fulfill their annual two-week active duty requirements.

Snell PTA's Big 'Bike School' Registers Children For Safety

A lengthy parade of youngsters and two-wheeled bicycles turned out to Garden Village School early Saturday morning in response to the all-child bulletin distributed last week by Broadmoor Chief of Police Ray Savage and calling for children to report for a bicycle safety school.

Conducted by the Broadmoor Police Department and sponsored by James L. Snell PTA, the safety school included the registering of two-wheelers for BPD files.

Over 100 children of various sizes and ages with bicycles of even more various descriptions participated and were presented with membership cards acknowledging them as affiliates of the BPD Bicycle Safety Club.

"Number of participating children was more than double our anticipated estimate," said a Snell PTA representative, "and we are again grateful to Chief Savage for his fine efforts in behalf of the welfare of youngsters." Awarded an Honorary Life Membership in the PTA last month, Savage is Snell's current safety and juvenile protection chairman.

As a member of the BPDSC, each child was urged to carry his identification card and observe the rules of safety as listed on the reverse side.

Outlined by the California State Automobile Association, the rules included obeying all traffic regulations such as red and green lights, one-way streets, stop signs and hand signals; riding in a straight line; having a white light on the front and a danger signal on the rear of the bike for night-riding; having a satisfactory signaling device to warn of approach; giving pedestrians the right of way; looking out for cars at crossings and those pulling out of parking places; not hitching onto other vehicles; not carrying other persons on one-seated bicycles; keeping the

bike in good condition and lastly, always riding carefully.

As a training measure, children were shown the two excellent films, "You and Your Bicycle" and "Bicycling with Complete Safety." Projectionist was BPD reserve patrolman Manuel Silva.

Helping Chief Savage with registration were PTA-dads Larry Anderson, Larry Long, Ken Gillespie and Robert Abbey, GV principal.

Children not able to participate in Saturday's bike registration but desiring to do so many list their vehicle's serial number at any time by visiting BPD headquarters at 388 88th street in Colma.

250 Witness Ben Franklin Dance Concert

Spanish dancers, clowns, ballerinas, jazz and can-can dancers, whose costumes were each fashioned out of the same "tu tu," won the acclaim of over 250 parents and children Saturday morning when the Hop, Skip and Dance Theatre Concert was presented at Benjamin Franklin multi-use room under sponsorship of the Westmoor Creative Dance Group, a non-profit cooperative.

The program ran the gamut from classical ballet to jazz music, with creative interpretations of each. LeRoy Miller, well known Bay Area pianist, provided the music and the theatre company consisted of six girls in advanced ballet who had begun their instruction in creative dance, progressed through the technique sessions to ballet, and now are doing their own choreography in addition to the actual performing. Dick and Marguerite Ford directed the production, with Mrs. Joseph Elliott assisting as local concert chairman.

TV and Radio

By Mona Baker

"I've never been happier about a program series," John Newland, host-director of ABC-TV's "Alcoa Presents" (KGO-TV, Tues. 10 p.m.) told us in an interview last week. Debonair, charming, possessing and excellent voice, the star was obviously most enthusiastic about his new show. Certainly we can share his enthusiasm, because we believe the series is one of the most stimulating and certainly unusual approaches for a dramatic program to come along in some time. Dealing with premonition, prescience, and other inexplicable experiences, the half-hour series dramatizes stories from real life. Skillfully produced, the program has just the right amount of suspense, yet at no time seems over-dramatized, which might easily happen if not handled carefully.

With an impressive background of movies, stage, radio, television in such programs as "Studio One," "Robert Montgomery Presents," "Loretta Young Shows," John Newland is well cast in the new role. Certainly a most dynamic individual, he skillfully establishes the mood of the program by his introduction. Do tune in! We think you will find the program most entertaining, and we predict you will find yourself thinking about the show for some time afterwards.

Happy first anniversary to the Bay Area's newest and certainly one of the most beautiful stations in the country—KTVU—situated on the shores of the bay in historic Jack London Square in Oakland. Since going on the air last March, they have expanded their program schedule with many hours of "live" local programs, including outstanding news and sports coverage, and some fine public service programs. Congratulations for a job well done, and we look forward to more interesting programs in the year ahead!

Displaying a fine sense of cooperation and public interest, station KPIX last week presented KQED with 47 pieces of valuable television equipment which will assist in their expansion of the "in school" programming. This was in addition to a recent \$4000 gift to KQED to help the school program.

A new local series based on the colorful history of San Francisco and the Bay Area will premiere over KRON-TV, this Sunday, March 8, at 12:30 a.m. On March 9, 7:30 p.m., over ABC, KGO-TV, 7:30 p.m., a special telecast featuring the famous Ringling Bros. and Barnum and Bailey circus.

READY to serve Mrs. Florinda Martinelli is Rozelle Reginelli while Dora Kusber (second from left) and Servart Ojakian wait their turns. The ladies are on the planning committee for Jefferson High PTA's big spaghetti dinner, scheduled March 19 at 6:30 p.m. in the high school cafeteria. Admission is \$1.50 for adults and 50 cents for children.

Confined Vets Offered Bigger Pensions By VA

A veteran who is receiving nonservice-connected pension of either \$66.15 or \$78.75 per month but is helpless or blind—or so nearly so as to require attendance of another person—may make application for an increased pension of \$135.45 per month, San Mateo County Veterans' Service Officer Floyd D. Granger announced today.

The increase represents a Veterans Administration allowance for aid and attendance, the service officer pointed out.

If the veteran is not now drawing a pension and wants to be considered for the aid and attendance allowance, he should first file an application for pension through the Veterans' Service Office. Attached to this application should be a letter asking for the additional allowance, together with a letter from his doctor stating that the veteran is blind or helplessly disabled.

When a veteran is confined to a Veterans' Administration hospital or domiciliary facility the additional amount for aid and attendance is taken away, and only the \$66.15 or \$78.75 pension is paid until he is discharged from the hospital or home.

The \$66.15 pension is payable to a veteran of World War I, World War II, or the Korean Conflict who is permanently and totally disabled from nonservice-connected disability which is not the result of willful misconduct or vicious habits. If he is rated permanently and totally disabled for a continuous period of ten years, or upon reaching the age of 65, if unemployed, he is eligible for the \$78.75 pension.

A member of the veteran's family can act as his attendant.

An additional aid and attendance allowance of \$150 per month is provided for certain severe, service-connected disabilities of veterans during periods in which they are not hospitalized at federal government expense.

Further information on these and other veterans benefits is obtainable from the Veterans' Service Office.

WASHINGTON STREET

Grand Opening This Thursday For New Safeway Store Here

Daly City's new Safeway store, located at 260 Washington street, will have its grand opening this Thursday, according to R. C. Barlow, local district manager for the firm. The new 16,818 square foot store will be the company's first in this area.

This store will be managed by Gilbert Westoby, veteran Safeway manager. His supervisory staff will include Robert Giusso, assistant manager; Ralph McCaffery, meat department manager, and Richard Young, produce department manager.

The staff of 35 employees, all Safeway experienced men and women, were selected for assignment to this store on the basis of proficiency of job skills and outstanding customer relations activity, Barlow stated.

Streamlined for efficient operation, as a means of further reducing food-cost to the public and speeding service to shoppers, the store has eight check-out stands that emphasize simplicity. Clerks remove groceries from dummies for customers passing them in a straight line to the bagging platform while registering the items on a new high-speed machine which automatically compute the value of taxable items while totaling all purchases.

To properly indoctrinate the employees in the use of this special equipment, Safeway's field instructor has been conducting special training classes in the store for the past week. The new store will carry

Disaster volunteers of the San Francisco Red Cross attend every multiple alarm fire in the city, ready to help victims with emergency clothing, blankets, transportation and temporary housing.

almost 7000 items, Barlow reported. On the shelves will be a host of unique foods including such little known numbers as "Sliced Papaya," "Wild-Bramble Jelly," "Rum Babas," and a number of equally exotic-sounding delicacies.

Built as part of a general expansion program by the Safeway Stores' San Francisco Division, it will be one of 147 stores which the division operates in the Northern California coastal area.

Store operating hours will be 9 a.m. to 9 p.m. Monday through Saturday, and 10 a.m. to 7 p.m. Sunday. Meats may be purchased all hours the store is open, including nights and Sundays, Barlow stated.

The dipper, or water ouzel, a small bird living high in the mountains, is reported by the National Automobile Club to not along under water searching for insects on stream beds and come up only occasionally for air.

4 Million State Tax Returns Sent This Year

State Controller Alan Cranston, chairman of the Franchise Tax Board, stated today that the 1958 state income tax returns have been mailed to everyone who filed a return last year.

The tax board chairman stated that, due to the continuing increase in the state's population, the number of returns filed will probably be close to 4,000,000 for 1958. This is a jump of about 10 percent over the previous year.

"State income tax returns must be filed by all single individuals who earned \$2,000 or more last year, and by all married couples whose earnings were \$3,500 or more," Cranston said.

Cranston stated the Franchise Tax Board maintains branch offices throughout the state where taxpayers may obtain help with their returns. Anyone needing help with his state income tax return should call at a local office of the board or at headquarters of office, 1025 P street, Sacramento.

DC Red Cross Pair Set Drive For Members

Joseph Lewkowicz and Jay F. Irick, both of Daly City and members of the board of directors of the San Mateo County Chapter of Red Cross, today announced that plans have been completed to build up the membership roster of their chapter and will be carried out during the month of March, National Red Cross month across the country.

"While our chapter derives part of its funds from the United Bay Area Crusade," Lewkowicz and Irick pointed out, "we traditionally conduct a membership campaign in March to raise additional funds. The Crusade has given its approval to this drive and is assisting by addressing envelopes for letters to be mailed to many friends of Red Cross urging them to renew their memberships."

Addressed envelopes were distributed on South Pacific commute trains and will be found in many grocery and drug stores, banks and other local establishments.

The two men reminded local residents that the Red Cross is the agency which acts for them, through their contributions, in aiding those in need locally, as well as throughout the world.
